

Aiming High for Disabled Children In Wiltshire

See that big smile on my face?
That's because life just gets better and better for children and young people like me!
Come along and find out for yourselves about all the exciting changes happening across Wiltshire!

Over the last 12 months Wiltshire Council has embraced parent carer participation at a strategic level, working together to transform Short Break Services and the Transition pathway, under the '**Aiming High for Disabled Children**' programme.

Come and find out about the exciting changes currently being introduced for disabled children, young people (0-25yrs) and their families in Wiltshire. Learn more about our plans to improve and support these services, including short breaks, regular activity clubs and transition.
