**Comments from children & parents  
on courses...**

*"Fun and informative and I made friends. Enjoyed the games and learning new control."*

*"They have a way with all the children that is marvellous, its very difficult to put into words, you just know and feel that your child is not only having great fun and making new friendships that do endure, but that they are gaining priceless skills that they will need right through their lives. Get on a course as soon as you can, you could not do more for your child, and you will be eternally thankful to this inspiring organisation."*
